

## Albright Home Care can help if:

- You need help managing your medications.
- Your medical conditions make it difficult to get the care you need.
- You need to get stronger after surgery, hospitalization, or a skilled nursing facility stay.

## Our Team

Albright Home Care is dedicated to providing superior care to all residents. Our employees are specially selected and carefully screened. Our screening process includes license and certification verification, reference checks, comprehensive skills testing, health verification and criminal background screening.

If you have a concern with the care you received, please call:

Albright Home Care:  
(717) 718-2901

Albright Care Services Hotline:  
1-888-791-0094

Ombudsman:

## What is Albright Home Care?

Albright Home Care provides skilled nursing care and services in the privacy and comfort of your home. Albright Home Care is coordinated and supervised by a registered nurse. For residents recovering from illness, injury or surgical procedures, care at home has been proven to reduce stress, allowing a faster recovery. Our goal is to get you back to your active life as quickly as possible. We provide services that focus on improving your ability to get around and become independent again.

# Compassionate Skilled Health Services IN YOUR HOME

**ALBRIGHT**  
HOME CARE

SKILLED HOME HEALTH SERVICES

# HOME HEALTH SERVICES

*Albright Home Care*

Our Registered Nurses provide comprehensive skilled nursing care by evaluating you and developing a plan of care under the direction of your physician. Nursing services may include:

- Post-op Care and Teaching
- Skilled Observation and Assessment
- Wound Care
- Catheter Care
- Medication Management and Teaching
- Disease Management
- Bowel and Bladder Training
- Ostomy Care and Teaching
- IV Therapy
- Pain Management

## Physical Therapy

Our physical therapist will help you return to your prior level of function following an illness or injury, or can help you adapt to new ways of moving. Your physical therapists will enable you to prevent ongoing loss of independence by developing a program to keep you active.

## Occupational Therapy

Our Occupational therapists will help you regain your ability to perform activities of daily living like eating and grooming—all of these activities are important for maintaining independence in your home.

## Speech-Language Pathology

A Speech-Language Pathologist (SLP), sometimes called a speech therapist, helps patients in the evaluation and treatment of breathing, swallowing, speaking, cognition and thinking skills and communication disorders.

Our **Medical Social Worker** provides emotional support for you and your family, as well as assistance with the following as needed:

- Obtaining medical equipment and supplies
- Financial aid applications
- Community resource planning
- Long-term care planning and placement

## How do I

# RECEIVE SERVICES?

One of our experienced team members will meet with you in your home to assess your needs. After a complete screening, we will develop a plan to help you recover in your own home, safely and comfortably.

## Eligibility

The following criteria determine if you may be eligible to receive home health care under your Medicare benefits:

- You must require intermittent skilled nursing care
- You must currently be under a physician's care
- You must be homebound  
(You are considered homebound if you are confined to your home due to illness or injury.)

## Admissions Procedure

Our team makes all necessary arrangements to begin your care at home. Physicians, social workers, case managers and discharge planners can make referrals. Call us at (717) 718-2901 to get started.

## Financial Arrangements

Home health care services are covered by Medicare, Medicaid, private insurance, and private payment.
